100 Devs

09/2020 – present

Remote, USA

Whether you need a single web app, or a full-stack web app, we develop it at 100 Devs through collaboration with over 100 developers. Creating custom web apps is what we do.

- Collaborated with a team to create modern and responsive full stack applications.
- Collaborated with other developers from open source projects to create open source full stack applications.
- Built semantically structured full-stack web applications.
- Applied agile methodologies like SCRUM for project management.
